Subject: Deficiencies in Mine Maps, TME Asphalt Ridge, Cameron #1 Mine,  
M0470036, Task 1621, Uintah County, Utah

Dear Mr. Runquist:

The Division has reviewed the maps you submitted by electronic mail on December 13, 2006, and there are some items that need to be clarified before the Division accepts this information as part of your Notice of Intention to Commence Small Mining Operations (NOI).

1. Roads. As shown on the Division's map from the November 1, 2006, inspection, the Division considers certain roads to be part of the mine, including the access road beginning on the east side of the stream, the road leading to the tank near the substation, and the loop north of the mine. Please include acreage figures from these disturbances as part of the total.
2. Water tank. There is a 0.13-acre area near the substation that was excavated. Please include this area on the map. If it has now been regraded and seeded, please show the area as being reclaimed.
3. Acreage figures. Please recalculate the acreage figures including the roads as discussed above. The acreage values for the graded and seeded areas should be included in the total, but they can be subtracted for determining the amount of area where you will be permitted to conduct mining operations. The total unreclaimed area must total five acres or less.

Cessation order MC2006-03-14-01 requires that you submit maps by December 15, 2006, and that reclamation be completed within 30 days of Division acceptance of your maps. The maps were received December 13, 2006, but since the Division is not accepting them, a new deadline of January 26, 2007, is being established for submitting revised maps. Reclamation will still need to be completed within 30 days of Division acceptance of these maps (although we understand you have already completed much of the reclamation work).

The Division appreciates your cooperation and your promptness in complying with the requirements of the cessation order.

If you need clarification on any of the issues in this letter, please contact Paul Baker at 801-538-5261 or by e-mail at [paulbaker@utah.gov](mailto:paulbaker@utah.gov).

Sincerely,

A handwritten signature in cursive script that reads "Susan M. White".

**MODIFICATION of**  
**Cessation Order MC2006-03-14-01**

To the following Permittee or Operator:

Name: TME Asphalt Ridge

Mailing Address: 4526 Ridgeview Drive, Eagan, Minnesota 55123

Mine Name: Cameron #1 Permit Number: S0470036

Utah Mined Land Reclamation Act, Section 40-8-1 et. seq., *Utah Code Annotated (1953)*:

Notice of Violation No. \_\_\_\_\_ dated \_\_\_\_\_, 20 \_\_\_\_

Cessation Order No. MC2006-03-14-01 dated November 15, 20 06

Part 1 of 1 is modified as follows: By January 26, 2007, the operator must submit an operations map showing show topsoil and overburden stockpiles, roads that will be used as part of the mining operation, equipment locations, and areas from which mineral materials will be extracted from the earth. It also needs to show adjacent previously disturbed areas for which the operator is not responsible.

Reason for modification is: The operator submitted maps in accordance with the previous deadline, but these maps have problems that need to be corrected. The additional time is to allow these corrections.

Date of service/mailling: Jan. 4, 2007

Time of service/mailling 3:30 ☐ a.m. ☒ p.m.

Date of inspection: November 1, 2006
